

900-Hour UCC AmeriCorps Bilingual Curriculum Developer Youth & School Garden Program

Organization and Job Description

Founded in 1989, Wasatch Community Gardens (WCG) is a nonprofit, 501(c)(3) organization that works to empower people to grow and eat healthy, organic, local food. WCG achieves its mission by providing access to land, educational opportunities, job training, and community building events.

The WCG Youth & School Garden Program works to develop the awareness, knowledge, and skills youth need to grow and eat healthy, local food through providing educational opportunities and materials (remotely in 2021). Our purpose is to engage youth communities through gardening and local food, cultivate curiosity and food literacy with young learners, and inspire them to make healthy choices for themselves, their community, and the environment. Our team values continual learning, community-building through food, and having fun and seeks applicants who are invested in these goals.

The UCC AmeriCorps Bilingual Curriculum Developer is primarily responsible for (1) developing curriculum for remote garden and cooking education programs both in Spanish and English and (2) assembling and distributing educational kits. The UCC AmeriCorps will also assist in maintaining teaching/production gardens, work with community partners, and assist at WCG events.

This position requires knowledge of educational lesson development, the ability to work as part of a team, and a passion for teaching youth and their families to grow and eat healthy, organic, local food. Through this position, the UCC AmeriCorps member will have the opportunity to learn about outdoor education, sustainable food production, community engagement, and non-profit work through hands-on experience and training.
