

DID YOU KNOW?

Hardening Off Your Seedlings

We recommend hardening off all of our food producing and warm season annual plants. Scan the QR code to watch our seedling care video! Hardy herbs and perennials can be planted today!

SEEDLING CARE VIDEO

Where our Seedlings are Grown

Our 48,000+ food producing seedlings and a portion of the herbs are all grown at City Farm on 1300 S by our Job Training Program's Green Team participants, volunteers, and staff. When you shop our Spring Plant Sale, you'll gift your garden with healthy plant starts while also helping us work toward our vision of a community where everyone has access to healthy, local food.

How Long has WCG Been Around?

- WCG became a 501c3 in 1989, under the name Wasatch Fish and Gardens.
- Wasatch Community Gardens has been running some form of a plant sale since before we were designated as a 501c3!
- Our mission is to empower people to grow and eat healthy, organic, local food.
